

ROOM DIVIDER 360®

VASTLY VERSATILE

Our patented 360° hinges provide a full range of movement per panel, offering greater arrangement flexibility than other partitions.

COMPLETELY CUSTOMISABLE

We build according to your specifications and offer a variety of heights, widths, colors, and panel materials to perfectly fit your situation.

SAFER, STURDIER BUILD QUALITY

Aircraft aluminum frames, low profile casters, and full-sized end panels provide greater support than outdated steel dividers on the market.

DESIGNED IN THE USA | ASSEMBLED IN NZ

Designed and built in the USA for their local market, Versare NZ now assembles the US version locally, which is delivered directly from our Auckland Warehouse.

ACOUSTICALLY SUPERIOR

Noise-dampening acoustical fabric partition panels provide enhanced sound-dampening and acoustics control.

GUARANTEED CRAFTSMANSHIP

We guarantee you won't find a better-built room divider. We stand by our premium partitions and offer a 1 Year Warranty.

VERSARE

DIVIDE AND CONQUER!

Looking for a do-it-all divider to cover a variety of situations? The Room Divider 360® offers unparalleled arrangement versatility thanks to an exclusive design - our patented 360° rotating hinges provide a full range of movement per panel. This allows you to create a variety of setup options, such as C-shapes, L-shapes, or straight lines. Link multiple units together with the attached velcro connectors and you'll only be limited by your imagination!

It's no wonder the Room Divider 360® is our most popular choice for dividing space. Our lightweight, aircraft aluminum frame construction provides greater portability and security than heavy, outdated steel dividers. Low-profile casters and full-sized end panels provide greater stability, safety, and acoustical control than spring-loaded wheels and awkward railings found elsewhere on the market.

We take pride in our engineering and are confident we offer the best build quality at the best price. The Room Divider 360® can be completely customised to perfectly fit your environment. Choose from over 20 colors in sound-dampening, pushpin-accepting acoustical fabric that adds a touch of class to any location. Our polycarbonate plastic panel options are spray-cleanable and available in several colors and translucencies.

Single Panel Width 0.84m | Side Panel Width 0.66m

- Unparalleled Arrangement Flexibility
- Lightweight, Aircraft Aluminum Frame
- Low-Profile, No-Wobble Construction
- Competitively Priced
- Completely Customisable
- 1 Year Warranty
